## Control Your Data!

Do you control your data? In today's market who ever controls the data is the one making the money. *You* can control the data and we can help. Brandon Computer Geeks server solution can help you:

- 1.) Track pipe lines for each mortgage officer
- 2.) Use the task section to communicate with each loan officer or processor
- 3.) Run reports to find out when past customers need to be contacted about an arm rate change
- 4.) Use the marketing tools to keep past customers informed of new mortgage products.

### Why use a Remote server solution:

- ⇒ **Remote access anywhere in the world**
- ⇒ **Keep all applications in one location**
- ⇒ **Keep applications in your control**
- ⇒ **Run reports in Calyx**
- ⇒ **Create templates to assure compliance**
- ⇒ **Keep loan applications in one location for disaster recovery / backup strategy**
- ⇒ **NO MONTHLY FEE**
